NOTES:

1.1 BASIS OF PRESENTATION

As at 31 December 2023, the Group had cash and bank balances of approximately HK\$57 million and the Group's interest-bearing bank and other borrowings with an aggregate carrying amount of approximately HK\$3,485 million are due to be repaid within 12 months from the end of the reporting period, including (i) borrowing of approximately HK\$195 million which has not been repaid according to the scheduled repayment date before the end of the reporting period; and (ii) borrowings of approximately HK\$3,007 million with original maturity dates of over one year from the payment of interest of certain borrowings and which has been repaid after year end. Furthermore, an amount of approximately HK\$131 million has not been repaid according to the scheduled repayment date. As at the date of approval of these consolidated financial statements, the Group has been actively negotiating with the lenders for extension of the repayment date of certain of the aforesaid borrowings. As at the date of approval of these consolidated financial statements, the Group has not received any demand for immediate repayment of these and other borrowings.

In view of the above circumstances, the Directors have given careful consideration to the Group's ability to continue operating as a going concern. The following plans and measures are intended to ensure the Group's ability to continue operating as a going concern:

- (i) the Group will continue to implement measures for the disposal of the outstanding loan receivables and loan interest receivables;
- (ii) the Group will continue to take measures to expedite the disposal of the financial asset;
- (iii) the Group will continue its negotiations with the lenders of certain bank and other borrowings;
- (iv) the Group will obtain additional credit facilities from existing and other lenders as and when needed.

The Directors have reviewed the Group's cash flow projections prepared by management, which cover a period of not less than 12 months from 31 December 2023. They are of the opinion that, the Group's cash flow projections are reasonable and support the Group's ability to continue operating as a going concern. The following table sets out the cash flow projections of the Group's operating activities, financing activities and investing activities for the period ending 31 December 2023. The cash flow projections are based on the following assumptions:

Pqv ykv juvc p f k p i "v j g" c d q x g. "u k i p k Ľ e c p v" w p e g t v c k p v k g u "g z k u v" c u "v q" y j g v j g t "v j g" I t q w r "k u" c d n g "v q" c e j k g x g" its plans and measures as described above. Whether the Group will be able to continue as a going concern would depend on (i) the successful and timely implementation of the plans and measures for the disposal of the outstanding loan receivables and loan interest receivables; (ii) the successful and timely implementation of the plans for the disposal of the financial asset investments; (iii) the continual support from the existing lenders of the Group such that they will not demand for immediate repayment of the relevant borrowings; and (iv) the successful obtaining of new sources of Ľ p c p e k p i "c u" c p f" y j g p" p g g f g f 0"

Should the Group be unable to achieve the above-mentioned plans and measures and operate as a going concern, adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, t g u r g e v k x g n { 0 " V j g g g e v u " q h " v j g u g " c f l w u v o g p v u " j c x g " p q v " d g g p " t g Ľ g e v g f " k p " v j g u g " e q p u q n k f c v g f " Ľ p c p e k p i " c u " c p f" y j g p" p g g f g f 0" statements.

These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

The Group has adopted the following new and revised HKFRSs for the first time for the current

HKFRS 17	<i>Insurance Contracts</i>
Amendments to HKAS 1 and HKFRS Practice Statement 2	<i>Disclosure of Accounting Policies</i>
Amendments to HKAS 8	<i>Definition of Accounting Estimates</i>
Amendments to HKAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>
Amendments to HKAS 12	<i>International Tax Reform — Pillar Two Model Rules</i>

The nature and impact of the revised HKFRSs that are applicable to the Group are described below:

- (a) Amendments to HKAS 1 *Disclosure of Accounting Policies* require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 *Making Materiality Judgements* provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. The amendments did not have any impact on the measurement, presentation or disclosure of accounting policy information.
- (b) Amendments to HKAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are based on judgements about the uncertainty of the outcome of a transaction or event. If the Group's approach and policy align with the amendments, the amendments had no impact on the consolidated financial statements.
- (c) Amendments to HKAS 12 *Deferred Tax related to Assets and Liabilities arising from a Single Transaction* narrow the scope of the initial recognition exception in HKAS 12 so that it only applies to intangible assets that are not available for sale. The amendments to HKAS 12 did not have any impact on the consolidated statement of financial position as at 31 December 2023, 31 December 2022 and 1 January 2022.
- (d) Amendments to HKAS 12 *International Tax Reform — Pillar Two Model Rules* introduce a mandatory temporary exception from the recognition and disclosure of deferred taxes arising from the implementation of the Pillar Two model rules published by the Organisation for Economic Co-operation and Development. The amendments also introduce disclosure requirements for entities' exposure to Pillar Two income taxes, including the disclosure of current tax related to the disclosure of known or reasonably estimable information of their exposure to Pillar Two income taxes in periods in which the legislation is enacted or substantively enacted but not yet effective. If the Group's approach and policy align with the amendments, the amendments did not have any impact to the Group.

EXTRACT OF INDEPENDENT AUDITOR'S REPORT

The following is the extract of the Independent Auditor's Report from the auditor of the Company, Ernst & Young:

“DISCLAIMER OF OPINION

We do not express an opinion on the consolidated financial statements of the Group. Because of the potential interaction of the multiple uncertainties relating to going concern and their possible effects on the consolidated financial statements, we have included a “Basis for disclaimer of opinion” section of our report, it is not possible for us to form an opinion on these consolidated financial statements and the *Additional matter – Qualification on loan receivables and loan interest receivables* section of our report. The consolidated financial statements of the Group are not properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR DISCLAIMER OF OPINION

Multiple uncertainties relating to going concern

The Group had cash and bank balances of approximately HK\$57 million and the Group's interest-bearing bank and other borrowings with an aggregate carrying amount of approximately HK\$3,485 million are due to be repaid within 12 months from the end of the reporting period, including (i) borrowing of approximately HK\$195 million which has not been repaid according to the scheduled repayment date before the end of the reporting period; and (ii) borrowings of approximately HK\$3,007 million with original maturity dates of over one year from the end of the reporting period. In addition, another borrowing of the Group with a principal amount of approximately HK\$131 million has not been repaid according to the scheduled repayment date. These conditions, together with the uncertainties over the Group's ability to generate sufficient cash flows to service its debt obligations, have led us to conclude that there is a material uncertainty that may cast doubt on the Group's ability to continue as a going concern.

The directors of the Company have been undertaking plans and measures to improve the Group's statements. The validity of the going concern assumptions on which the consolidated financial statements have been prepared depends on the outcome of these measures, which are subject to multiple uncertainties, including:

(a) the successful and timely implementation of the plans and measures for the disposal of the outstanding loan receivables and loan interest receivables;

(b) the successful completion of the Group's investments;

(c) the continual support from the existing lenders of the Group such that they will not demand for immediate repayment of the relevant borrowings; and

(d) the Group's ability to raise additional financing.

As a result of these multiple uncertainties, their potential interaction, and the possible cumulative effect thereof, we were unable to form an opinion as to whether the going concern basis of preparation is appropriate. Should the Group fail to achieve the above-mentioned plans and measures, it might not be able to operate as a going concern, and adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments are set out in the accompanying notes to the consolidated financial statements.

ADDITIONAL MATTER — QUALIFICATION ON LOAN RECEIVABLES AND LOAN INTEREST RECEIVABLES

Included in loan receivables and deposits, prepayments and other receivables on the consolidated statement of financial position as at 31 December 2023 were loan receivables from different borrowers with an aggregate carrying amount of approximately HK\$1,552 million, net of loss allowance, and related loan interest receivables with an aggregate carrying amount of approximately HK\$349 million, net of loss allowance. In addition, included in other income, gains and losses and impairment of financial assets, net on the consolidated statement of profit or loss for the year ended 31 December 2023 were interest income of approximately HK\$165 million and impairment loss of approximately HK\$390 million in relation to the abovementioned loan receivables and loan interest receivables. Furthermore, investing cash flows of interest received of approximately HK\$22 million, advance of loan receivables of approximately HK\$357 million and receipt of loan receivables of approximately HK\$75 million in relation to the abovementioned loan receivables and loan interest receivables were presented in the consolidated statement of cash flows.

As disclosed in note 20 to the consolidated financial statements, the Company has established a special investigation committee to undertake investigation on matters pertaining to the loan transactions, including but not limited to, the commercial rationale of the loan transactions and the relationship between the Group and the borrowers. Up to the date of this report, as the aforesaid investigation has not been completed and is still in progress, we were unable to obtain sufficient appropriate audit evidence to satisfy ourselves as to (i) the commercial rationale of the loan transactions, the relationships between the Group and the borrowers, and the relationships amongst the borrowers; (ii) whether the carrying amounts of the loan receivables and loan interest receivables were properly stated as at 31 December 2023; (iii) whether the impairment loss for these loan receivables and loan interest receivables for the year ended 31 December 2023 was properly assessed and recognised based on the reasonable and supportable information

financial position of the Group as at 31 December 2023 and the financial performance and cash

Even had there been no multiple uncertainties relating to going concern as described in the *Basis for disclaimer of opinion* section of our report which precluded us from expressing an opinion on

REPORT ON OTHER MATTERS UNDER SECTIONS 407(2) AND 407(3) OF THE HONG KONG COMPANIES ORDINANCE

In respect alone of the inability to obtain sufficient appropriate audit evidence about the loan receivables and loan interest receivables as described in the *Additional matter — Qualification on loan receivables and loan interest receivables* section of our report above:

we have not obtained all the information or explanations that, to the best of our knowledge and belief, are necessary and material for the purpose of the audit.”

Property Leasing

The rental income from the Group's property leasing business in Year 2023 was approximately HK\$96,958,000 (Year 2022: HK\$96,884,000), which had remained stable between the two years. Revenue from this business segment was derived from the leasing of East Gate Plaza, an investment property of the Group located in Beijing, China, consisting of apartments, shops and to stabilise the rental income of the Group, including: (1) conducting monthly market research, the relationships between the Group and its existing corporate and institutional customers and developing new customers to establish a long-term stable customer base; and (3) developing a rigorous and timely collection process to recover any rents in arrears and improve the rent recovery ratio of the Group in 2023.

PROSPECTS AND OUTLOOK

Looking forward to 2024, global economic growth is expected to slow down further. It is noted from China's Central Economic Work Conference held in December 2023 that stable growth will remain the keynote of the economic work of China in 2024. The main tasks of the Chinese government will include expanding domestic demand, effectively resolving the risks of the real estate corporations, and promoting financial stability. It is expected that investors will still focus on identifying new growth drivers through innovation and value chain upgrade, while capital in the market will continue to pour into areas such as the digital economy, artificial intelligence development and green technology. In order to maintain the stable growth of its existing businesses, the Group will delve deeply into new energy and scale down its investments in non-performing assets and loans gradually. By strengthening the construction of talent teams, developing relationships with different business partners and considering diversified financing channels, the Group will increase its investments in the "photovoltaics, storage and charging" sectors in the new energy industry, so as to lay a solid foundation for its sustainable development.

Change in fair value of investment properties

The decrease in the loss from the fair value of the investment properties of the Group from approximately HK\$208,156,000 for Year 2022 to approximately HK\$63,646,000 for Year 2023 was mainly attributable to (i) the decrease in the fair value loss of the Group's investment property located in Beijing as at 31 December 2023, as compared with that as at 31 December 2022; and (ii) the disposal of the Investment Property by the Group in December 2023.

Finance costs

Year 2022 to approximately HK\$342,422,000 for Year 2023 was mainly due to the full redemption of the Group's bank borrowings in Year 2023.

The change in the Company's share of profits or losses of joint ventures from profits of approximately HK\$1,130,000 for Year 2022 to losses of approximately HK\$83,071,000 for Year 2023 was mainly attributable to the decline in the performance of Zhong Hai You Qi (one of the Company's joint ventures) in Year 2023 as a result of the major overhaul carried out by Zhong Hai You Qi at its factory, which led to a two-month interruption in its operation in Year 2023 and a loss of approximately HK\$6,600,000 for Year 2022 to a loss of approximately HK\$68,937,000 for Year 2023.

Property, plant and equipment

Year 2022 to approximately HK\$54,134,000 as at 31 December 2023 was mainly due to the disposal of the Office Property in December 2023, which had been carried out in Year 2023.

Accrued charges, rental deposits and other payables

The decrease in the Group's accrued charges, rental deposits and other payables from approximately HK\$1,204,446,000 as at 31 December 2022 to approximately HK\$419,184,000 as at 31 December 2023 was mainly attributable to (i) the settlement of certain payables due to other creditors of approximately HK\$715,004,000 by the Group in Year 2023; and (ii) the decrease in the accrued interest payables as at 31 December 2023 as compared with that as at 31 December 2022.

TREASURY POLICY

The Group adopts a conservative treasury policy under which the Group keeps its investment costs low and to manage its capital. The Group also strives to reduce its exposure to credit risk by performing ongoing credit assessments and monitoring the creditworthiness of its counterparties.

The Directors have reviewed the Group's cash flow projections prepared by management, which cover a period of not less than 12 months from 31 December 2023. They are of the opinion that, taking into account the above-mentioned plans and measures, the Group will have sufficient resources to meet its obligations due within 12 months from 31 December 2023. Accordingly, the Directors are satisfied that it is probable that the Group will be able to meet its obligations as they fall due.

Notwithstanding the above, significant uncertainties exist as to whether the Group is able to achieve its plans and measures as described above. Whether the Group will be able to continue as a going concern would depend on (i) the successful and timely implementation of the plans and measures for the disposal of the outstanding loan receivables and loan interest receivables; (ii) the successful and timely implementation of the plans for the disposal of the financial asset investments; (iii) the continual support from the existing lenders of the Group such that they will not demand for immediate repayment of the relevant borrowings; and (iv) the successful obtaining of new financing facilities.

Should the Group be unable to achieve the above-mentioned plans and measures and operate as a going concern, adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in these financial statements.
